

Women's College Hospital Foundation

Financial Statements
March 31, 2022

Independent auditor's report

To the Board of Directors of Women's College Hospital Foundation

Our opinion

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Women's College Hospital Foundation (the Foundation) as at March 31, 2022 and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

What we have audited

The Foundation's financial statements comprise:

- the statement of financial position as at March 31, 2022;
- the statement of operations and changes in fund balances for the year then ended;
- the statement of cash flows for the year then ended; and
- the notes to the financial statements, which include significant accounting policies and other explanatory information.

Basis for opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Foundation in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada. We have fulfilled our other ethical responsibilities in accordance with these requirements.

Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

PricewaterhouseCoopers LLP
200 Apple Mill Road, Vaughan, Ontario, Canada L4K 0J8
T: +1 905 326 6800, F: +1 905 326 5339

In preparing the financial statements, management is responsible for assessing the Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Foundation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Foundation's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Foundation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Women's College Hospital Foundation

Notes to Financial Statements

March 31, 2022

1 Nature of operations

Women's College Hospital Foundation (the Foundation) is a corporation without share capital and is incorporated under the laws of the Province of Ontario. The Foundation is a registered charity under the Income Tax Act (Canada) and is exempt from income taxes provided certain requirements of the Income Tax Act (Canada) are met. The Foundation was established to solicit, receive, manage and distribute funds in respect of the advancement of health science research and education and the improvement of patient care in support of the legislated and strategic priorities of Women's College Hospital (the Hospital).

In carrying out its mission, the Foundation solicits, receives, manages and distributes funds and other property for the benefit and use of the Hospital and other organizations in the community with objectives similar to those of the Hospital.

2 Summary of significant accounting policies

The financial statements have been prepared by management in accordance with Canadian accounting standards for not-for-profit organizations (ASNPO). The financial statements include the following significant policies.

Fund accounting

The Foundation follows the restricted fund method of accounting for contributions. The financial statements separately disclose the activities of the following funds maintained by the Foundation:

- The Unrestricted Fund reflects the general fundraising, investing, granting and administrative activities and reports on unrestricted resources available for immediate use.

The Unrestricted Fund is used to support Foundation operations and make grants to the Hospital for the highest priority needs of the Hospital. The Unrestricted Fund also includes a transfer from the Restricted Fund of an allocation against restricted purpose gifts. The allocation ensures donors of both Unrestricted and Restricted Funds contribute to the operations of the Foundation.

- The Restricted Fund reflects those resources arising from fundraising, investing, granting and administrative activities, the purpose for which has been internally or externally restricted.
 - Restricted Operating Funds are externally and internally restricted resources and include investment income (loss) generated on Endowment Fund balances.
 - Restricted Endowment Funds are internally and externally restricted resources, which may include an internal or external requirement that the principal must be maintained. Investment income (loss) generated on Endowment Funds is recorded as income (expenditure) within the Restricted Operating Funds.

Women's College Hospital Foundation

Notes to Financial Statements

March 31, 2022

Revenue recognition

Donations are recognized as revenue when received. In cases where the Foundation has entered into a funding agreement with a granting agency, donations are recognized as revenue when earned in accordance with the agreement and collection can be reasonably assured. Unrestricted, restricted and endowment donations are recorded as revenue in the Unrestricted, Restricted and Endowment Funds, respectively. Bequests, which include non-cash property, are recorded at the fair value of the property on the date of receipt by the Foundation. Unrestricted bequests are recorded in the Unrestricted Fund and may be transferred with approval from the Board of Directors to the internally restricted Endowment Fund or other Board Restricted Funds.

Restricted bequests are recorded in the appropriate Restricted or Endowment Fund. Amounts received relating to fundraising events to be held after the year-end are deferred and recognized on completion of the specific fundraising event.

Investment income (loss) generated on Endowment Funds is allocated to the Restricted Operating Fund. Distribution income on pooled funds is recorded when received. Dividend income is recorded when declared. Investment income (loss) earned on Unrestricted and Restricted Operating Funds is allocated to the Unrestricted Operating Fund.

Cash

Cash represents cash on hand and cash at the bank. Restricted cash consists of funds in the restricted fund balances.

Investments

Publicly traded securities are valued based on the closing prices, and pooled funds are valued based on reported unit values. The Foundation's investments are held in a segregated account with a custodian and are managed by an independent investment manager.

Non-marketable investments represent interests in Limited Partnerships (LPs). They are valued based on the Foundation's percentage ownership in each of the LPs, applied to independent quarterly valuations of the underlying LPs. Because these interests are not readily traded, their estimated values are subject to measurement uncertainty.

The fair value of financial derivative instruments (note 4) on initial recognition is the transaction price. Subsequent to initial recognition, fair values are estimated based on foreign exchange rates at the reporting date. The resulting change in the fair value of derivative assets and liabilities is included within investment income (note 6). The estimated value of derivative instruments resulting in derivative assets and liabilities is, by its very nature, subject to measurement uncertainty.

Other assets

The Foundation has registered the trademark Women's College Hospital Foundation, which has been valued at a nominal amount.

Women's College Hospital Foundation

Notes to Financial Statements

March 31, 2022

Contributed services

Volunteers make a substantial contribution of time each year to assist the Foundation in carrying out its activities. Due to the difficulty in determining the fair value of such services, they are not recognized in these financial statements.

Financial assets and financial liabilities

The Foundation initially measures its financial assets and financial liabilities at fair value. The Foundation subsequently measures all its financial assets and financial liabilities at amortized cost, with the exception of investments, which have been measured at fair value as described in this note. Changes in fair value are recognized in the statement of operations and changes in fund balances. Financial assets are tested for impairment at the end of each reporting period when there are indicators the assets may be impaired.

Financial assets and financial liabilities measured at amortized cost include cash and cash equivalents, amounts receivable and accounts payable and accrued liabilities.

Use of estimates

The financial statements of the Foundation have been prepared by management in accordance with ASNPO, which require management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the revenue and expenditures for the reporting period. Actual results could differ from those estimates.

3 Investments

The Foundation's investments are as follows:

	2022 \$	2021 \$
Cash equivalents	9,335,540	1,054,573
Pooled funds		
Canadian equity	7,538,891	6,489,004
Global equity	16,095,963	19,860,686
Fixed income	22,903,465	18,760,188
Alternative pooled funds	4,281,679	4,766,588
Non-marketable investments	9,585,162	6,070,370
	<u>60,405,160</u>	<u>55,946,836</u>
	<u>69,740,700</u>	<u>57,001,409</u>

As at March 31, 2022, the unfunded commitments related to non-marketable investments was \$4,678,091 (USD3,740,977) (2021 – \$4,300,916 (USD3,439,357)).

Women's College Hospital Foundation

Notes to Financial Statements

March 31, 2022

4 Derivatives

In order to mitigate currency risk associated with investments in USD denominated securities, the Foundation periodically enters into currency forward contracts. The market value of these contracts at year-end is determined based on the prevailing USD/CAD foreign exchange rate and is reflected as either a derivative asset or derivative liability within the statement of financial position.

As at March 31, 2022, the Foundation recognized a derivative asset relating to a forward foreign exchange contract with a market value of \$32,012 (2021 – asset of \$469,586).

The following tables summarize the Foundation's commitment to sell US dollars for Canadian dollars under foreign exchange forward contracts as at March 31:

	2022		
	Exchange rate	Maturity date	Fair value \$
Notional amount USD13,555,371	1.25	April 8, 2022	32,012

	2021		
	Exchange rate	Maturity date	Fair value \$
Notional amount USD13,860,871	1.29	May 5, 2021	469,586

5 Pledges

Pledges of future donations are recorded as donations in the financial statements when payment is received. As at March 31, 2022, total outstanding pledges are \$11,796,892 (2021 – \$14,194,138), which are receivable in future years.

6 Net investment income

	2022 \$	2021 \$
Interest income	36,446	30,810
Distributions from pooled funds	958,407	443,410
Change in fair value of investments including derivatives	2,209,322	9,480,395
Net investment income	3,204,175	9,954,615

Investment income is net of investment management fees of \$387,098 (2021 – \$278,662).

Women's College Hospital Foundation

Notes to Financial Statements

March 31, 2022

7 Related party transactions

The Hospital is an independent corporation without share capital and with its own board of directors. The Hospital is affiliated with the Foundation as a result of some board members in common between the two organizations.

The Hospital provides certain services at no cost to the Foundation and pays some expenses, including payroll, on behalf of the Foundation. The Foundation reimburses the Hospital for all direct costs associated with the services provided and expenses paid.

As at March 31, 2022, \$928,107 (2021 – \$547,411) was owed by the Foundation to the Hospital and is included in accounts payable and accrued liabilities.

8 Grants

			2022	2021

- a) Represents an allocation from the Restricted Operating Funds to the Endowment Funds to maintain the purchasing power of the Endowment Funds.
- b) Represents an allocation from the board Endowment Fund to the Unrestricted Funds.
- c) The Interfund transfer represents an allocation of 5% – 12.5% of eligible restricted donations received in the year and 1% of endowment capital under management transferred from the Restricted Operating Fund to the Unrestricted Operating Fund. Both allocations are made in accordance with the Foundation's allocation policy.

10 Financial risk management

The main risks to which the Foundation's financial instruments are exposed are as follows:

Credit risk

Credit risk is the risk one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The Foundation is exposed to credit risk primarily through its investments and cash with various financial institutions (note 3). Management considers the credit risk to be low as the Foundation only places its investments with reputable and financially stable organizations.

Women's College Hospital Foundation

Notes to Financial Statements

March 31, 2022

Liquidity risk

The Foundation believes it has moderate to low liquidity risk given the composition of its accounts payable and accrued liabilities.

The Foundation has a revolving line of credit with a Canadian chartered bank secured by investments held. Maximum borrowings under the agreement are \$nil (2021 – \$3,000,000). Interest on any borrowings is calculated at the bank's prime rate. As at March 31, 2022, the outstanding balance under the line of credit is \$nil (2021 – \$nil).

Market risk

Market risk arises as a result of trading in equity securities and fixed income securities. Fluctuations in the market expose the Foundation to a risk of loss.

Currency risk

Currency risk is the risk the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Foundation's investments include non-Canadian equities, the value of which fluctuates in part due to changes in foreign exchange rates. The international equity pooled fund holds assets and liabilities denominated in currencies other than Canadian dollars and this fund is therefore directly exposed to currency risk as the value of the assets and liabilities denominated in other currencies will fluctuate due to changes in exchange rates.

The Foundation enters into foreign exchange forward contracts to mitigate currency risk relating to its non-Canadian investments (note 4).

Interest rate risk

Interest rate risk arises from the possibility that changes in interest rates will affect the value of fixed income securities held by the Foundation.

To manage these risks, the Foundation has established investment policies, which include a target mix of investment types and concentration limits designed to achieve an appropriate return within reasonable risk tolerances.

11 Impact of COVID-19

While most COVID-19 restrictions have now ended, the economic outlook remains exposed to risk due to potential new variants of COVID-19, geo-political risk, and increases in interest rates. It is not possible to reliably estimate the impact of these macro-economic factors on the financial results and conditions of the Foundation in future periods.

12 Comparative figures

Certain comparative figures have been reclassified to conform to the current year's financial statements.
